

THE CLUB

Greg O'Flynn has been tasting, buying and selling California wines for more than 30 years. Throughout that time, he has cultivated relationships with small and large producers who provide him with some of the most limited wines in the state. He continues to discover the best and brightest rising stars. As a member of our club, you will benefit from Greg's connections and experience, receiving some of California's most exciting and exclusive wines at a value! The wines come from an array of regions and wineries, making each bottle its own adventure. Whether for yourself or a gift, a membership is perfect for connoisseurs and novices alike.

Club members receive quarterly shipments of six hand-selected wines, four to five bottles of red and one to two bottles of white. Each shipment ranges from \$175 to \$200 plus delivery costs and tax.
